Woodbury Financial Services Anti Spoof & Phishing Policy

This Anti-Spoof & Phishing Policy details domains controlled and operated by our organisation and the policies that have been applied to each domain.

To protect our clients, our brand and reputation against spoof email messages, and to enforce, monitor, and optimise DMARC, we engage with a DMARC management platform. This policy is a reference point for all internet users to check as to how we use and protect our domains.

The domains listed in this policy shows the domains we use to send email.

If you receive emails or links that try to represent our domains in an unauthorised manner, please check this policy and if you are still unsure, please contact us to confirm the legitimacy of the email, link or web page.
